C O N T E N T S

When the Carnival Industry switched from Khaki canvas to color stripes, the trend toward brighter colors, new fabrics, and different decorations had begun.

This book is a small representation of the newest trend of specialty designs for Tops, Gear Covers, and Ballies. It is our way of introducing you to our **COMPUTER ASSISTED DESIGN** program. This program allows Anchor to give you an advanced look at your product, before we start manufacturing. Color designs may be mailed or e-mailed to you. Changes to color and design may be done quickly for your further review.

It is an exciting time to be involved in the Outdoor Amusement Industry. Anchor Industries is committed to being a partner in your growth by continued research into new fabric, framework, styles, and designs.

Please let us know how we may assist you by contacting us at **800-322-8368** or **www.anchorinc.com**. Our team is standing by to offer you the top-notch service and craftsmanship you have come to expect.

Let your imagination run wild and contact us for your custom design layout today!
